(P1) Yuliya: So, Matt, would you like, would you mind _____ me where you live?

(P2) Matt: Sure. So I live in a mid-rise apartment building. It's a little outside downtown, like, it's not really downtown, but it's close.

(P1) It's about a seven-story building and it's on a street that's all _____ buildings. There's apartment buildings for two or three blocks, probably there's like five thousand people that live on my street. It's a pretty dense area.

(P2) Yuliya: And what do you like about it ?

(P1) Matt: It's a nice neighbourhood in some ways. It's a very _____ place. There's immigrants from lots of parts of the world, there's a lot of different cultures.

(P2) In particular, one thing I really like about the neighbourhood is that it's close to the lake, so I can spend time... There's a lot of parks nearby, there's a lot of nature nearby, so that's really pleasant. There's also a lot of interesting shopping in my neighbourhood.

(P1) Even though it's outside of the downtown, there's a lot of interesting restaurants, interesting _____s, so there's always something to do, there's lots of things going on.

(P2) Yuliya: Great, sounds like a really nice place to live. Is there anything you don't like about it?

(P1) Matt: Ah, one thing I really don't like about my neighbourhood is actually the building that I live in.

(P2) I've been living here for about 10 years, mostly because it's pretty affordable, but the building has a lot of problems. Our elevator frequently breaks.

(P1) When people need repairs, it can take a lot of effort to get the _____ to come and look at it, and then often when they come to look at it, they don't do a great job.

(P2) So you need to call them to come back again.

(P1) So it's not ideal but it is one of the more _____ neighborhoods in the city, so that's why, that's why I'm staying here. I don't really want to go and move somewhere else where I'll be paying a lot more.
